

HP Designjet 130 printer series

Focus on your creativity and represent your ideas with convincing colours and photo-image quality that resist fading longer than traditionally developed photos¹. Do not limit yourself and work in all sizes up to A1+.

HP Designjet 130

Ideal for graphic designers who need exceptional image quality and colour fidelity to print comps, layouts, mock-ups and proofs without the expense of outsourcing. Professional photographers can create brilliant, photo-quality prints that resist fading longer than traditionally processed photos and pre-press experts can produce proofs with stable colours in under an hour.

Impress your clients every time with exceptional photo-quality and consistent colours that last.

- Produce highly durable images with HP's specially formulated dye-based inks.
- Get eye-catching images at 2400 dpi with the 4-picoliter ink drop size ensuring you brilliant life-like colours, realistic detail, higher contrast and smooth tonal transitions.
- Achieve the finest results with HP Premium Plus Photo and Proofing Gloss papers for rich colour depth, minimal dot visibility and uniform gloss.
- Reproduce consistent colours in all your prints with HP internal colour sensor technology.

HP Designjet 130nr²

Work with the sizes you need from postcards to posters without having to cut and paste or outsource.

- Enjoy the flexibility to print on a range of sizes and weights: the standard tray holds up to 100 sheets (up to A2+ size).
- The front bypass slot takes A1+ size cut-sheet media up to 625 mm wide.
- Feed heavy and rigid HP media of weights up to 300 g/m² via the rear bypass slot.
- Use the automatic roll feed² to print on media up to 610 mm wide and 15.24 m long.

HP Designjet 130gp²

Focus on your creativity and let the printer help you save time and money when reproducing the work.

- Get high-quality results quickly at up to 4 mpp for A3 size in Normal mode.
- Optimise your ink usage with the modular ink delivery system.
- Easily control the level of fidelity in your colour workflow with optimised drivers that are Apple ColorSync compatible and support RGB ICC profiles for Mac and Windows® applications.
- Enjoy enhanced colour management and greater accuracy with an optional software RIP which gives you automatic PANTONE® calibration, CMYKplus and offset emulation.

¹Up to 82 years, based on Wilhelm Imaging Research, Inc. testing using the HP 85 ink cartridges together with HP Premium Plus Photo and Proofing Gloss paper
²Legs and bin available as accessory
